Making a usable document to guide care

Person Directed Care Planning

Evergreen Community of Johnson County

March 21, 2012

*Care plans are required,
but they don't have to be a burden.
Creating person directed care plans
improves care and lessens the workload.*

Person Directed Care Planning

Class Objectives:

- ⇒ Differentiate between care plan myths and regulatory requirements
- ⇒ Discuss how to make the care planning process better for your residents by returning the care plan to its "rightful owner"
- ⇒ Create a care plan that is a useful professional tool that staff actively reference
- ⇒ Examine strategies to reduce time spent on unnecessary paperwork.

Our Presenters:

Linda Kettles, RN, RAC-CT, CNO, has worked in the field of aging since 1984. She has first hand experience as a charge nurse, MDS Coordinator, ADON, DON, Regional Nurse Consultant, Vice President of Clinical Services, and Regional Vice President of Operations. Linda has helped manage multiple facilities across the United States, with oversight of all aspects of long-term care. She is well versed in the RAI/MDS process and has a passion for person centered care.

Karen Craig, RN-C, is certified in Gerontology and has worked in long-term care since 1993 when she became a surveyor with the state of Kansas and she served as the Regional Manager for the Lawrence District from 1997 to 2006. Karen has worked as an interim DON, as a Director of Quality Assurance and Staff Development, a long term care nurse consultant, and as an adult educator. She is a proponent of person centered care and work systems that reduce time on unnecessary paperwork in long term care.
